BODY MASSAGES

Your fatigued body will be forever grateful, feeling rejuvenated by this incomparable massage experience.

Waecicu Massage

Massage with aromatherapy herbal balm to calm your spirit, using a combination of Balinese long strokes and Hawaiian lomi-lomi technique to eliminate stress and increase lymphatic drainage.

Balinese Massage

A deep tissue massage that employs age-old Balinese techniques to relieve even the most stubborn knots in your body.

Shiatsu Massage

Shiatsu is perfectly designed for guests who shy away from using massage oils during their treatments. Asia's most famous form of therapeutic bodywork, Shiatsu is a non-oil massage, which uses the varied techniques of kneading, pressing, tapping, and stretching to relieve stress, stimulate the nervous system, aid digestion, and reduce muscle stiffness.

AYANA Fusion

Steamed herbal pouches containing AYANA's fresh herbal blend of three healing gingers reputed for their healing and rejuvenating properties are used to relax tight muscles making way for the long, flowing, deep tissue strokes, acupressure and gentle stretching techniques that follow.

Inielika Stone Massage

Smooth, flat basalt stones work as natural energy conductors when heated to induce natural flow across the body's meridians. Rich iron content absorbs the heat, infusing tired muscles and cellular blockages with deeply healing properties. Your therapist intuitively places just the right heated stone on specific points along your spine, on the back of your neck, and resting in your palms. Experience a deeply calming sense of well-being that naturally reduces anxiety, minimizes jet lag, relieves pain, and leaves you feeling invigorated the next day after a dreamy night's sleep.

Foot Massage

An ancient Egyptian, Chinese and Indian therapy focusing on reflex points in the feet to improve blood circulation and ensure long, healthy life.

BODY TREATMENT

Realize your dream of attaining smooth baby skin with a selection from our body wrap or scrub menu.

Island Heritage

This splendid 75-minute treatment showcases the powerful and exotic ingredients of Bali's island lifestyle. Our hand-crafted volcano mud mask nourishes skin and detoxes with Neem & Patchouli essential oil. After a full body wrap, a relaxing Balinese massage continues to moisturize, re-invigorate circulation and promote a delicious sense of well-being through gentle detoxification.

Bajawa Coffee Treatment

Reveal your smoothest, softest skin ever with the aromatic goodness of Flores Island's traditional coffee ritual. Polish your skin to perfection with fine Indonesian coffee powder, also known to stimulate cell renewal, act as an anti-inflammatory, and promote deep cleansing. Nourishing antioxidants protect skin from the harmful effects of pollution and free radicals. After your scrub, the pampering continues with a relaxing deep tissue body massage. Balinese techniques and aromatherapy oils work together to effectively release tension, relieve stubborn knots, and encourage healthy circulation from head to toe for the ultimate island glow.

Lako Di'a Escape Couple

The perfect spa getaway for just the two of you in our private couples treatment suite with soaking bathtub. Celebrate life to the fullest with four memorable treatments, starting with a traditional foot wash ritual to set the tone. Depending on your mood and skin type, choose a full body scrub with natural island ingredients for gentle exfoliation, or a soothing aloe vera body mask to deeply moisturize dehydrated skin. Take a moment to count your blessings with a rich milk or herbal bath to rehydrate and infuse with vitamins and minerals. Lastly, your fully relaxed body sinks even deeper into transformative tranquility during your choice of signature, 60-minute massage including Waecicu Beach, Balinese, or Shiatsu.
