ASIAN SPIRITS THROUGH THE AGES

Asian spirits such as sake, shōchū, umeshu, and soju have been popular for centuries in their home countries. Sake, also spelled saké, is an alcoholic beverage made by fermenting rice that has been polished to remove the bran. Shōchū is the most popular Japanese spirit that has been produced since the 16th century. It is distilled from fermented koji mold and various basic ingredients such as barley, sweet potatoes, rice, buckwheat, brown sugar, as well as sesame, chestnuts, carrots, or perilla leaves. Umeshu is a Japanese liqueur made by macerating sugar and ume plums in alcohol. Korean soju is distilled from fermented rice, or optionally wheat, barley, sweet potatoes, or tapioca.

Aperitifs

LIGHT AND REFRESHING

For those who have never indulged in this sort of drink, here are a few basics: An aperitif (the word comes from the Latin aperire, “to open”) is a light, most often dry, most often modestly alcoholic beverage meant to spark the appetite without overwhelming the senses. And while an aperitif may be as simple as a glass of dry white wine or Champagne, a true aperitif, the kind that I love, has a little more flair, more flavor, more color and--yes--a bit more sophistication.

DRINKS

IMPOSSIBLY CRAFTED NON-ALCOHOLIC SPIRITS

But if you've chosen not to drink alcohol, raising a glass with plain water or club soda doesn't feel quite so celebratory—and what's a wedding without a few toasts? At Cora Cora, we collaborated with Lyre's to create a bespoke selection of non-alcoholic cocktails. DISTILLED Spirits

DISTILLED FRUITS

Distilled spirits, refers to an alcoholic beverage that is obtained from the distillation of grapes and other fermented fruits. The first distillation is known as eau-de-vie, but after a second run through the process a finer, silkier, more elegant spirit is produced which is recognized as a top end offering such as cognac, brandy, and grappa.

FRANCE **BISQUIT VS COGNAC**

Beautifully balanced, fruity, and floral flavour is expertly complimented by notes of rich spices, including cinnamon, oak wood, and a sweet vanilla finish.

GREECE **METAXA AMPHORA 7 STAR BRANDY**

Greek drink made by diluting an aged cask strength grape spirit with muscat wine and a recipe of botanicals including anise and rose petals.

FRANCE **ST. REMY VSOP BRANDY**

Taste of small, freshly picked red berries, while bringing out the sweet vanilla flavour of oak. It is a round, balanced spirit that is easy to drink.

FRANCE **DEMANDIS XO ARMAGNAC**

There's something almost grassy about the nose, followed by a heavy waft of vanilla and a smidge of coffee. To sip, you get creamy fudge, a little banana, prunes, and roasted notes, all with an exceptionally long, smooth but chewy finish.

ITALY **RONER LA ORO GRAPPA**

Grappa made from mixed pomace and aged for 12 months in barrique. Spicy aroma and medium flavour of vanilla, spices, liquorice.

ITALY **NARDELLI GRAPPA**

The fruit of the traditional steam distillation of selected fresh marc from moscato grapes in the Piemonte region. It is a grappa whose velvety taste, crystalline transparency and exceptional quality make it one of the most appreciated of the white grapes.

Gin

JUNIPER BERRY

Fast-forward to the 16th century when the Dutch began producing a spirit called “Genever.” It consisted of a malt wine base and a healthy amount of juniper berries to mask its harsh flavor. It took a whole century to perfect what is now the trendiest spirit and boasts of 5 main categories being London dry, Plymouth, Old Tom, Genever and international style.

UK BOMBAY SAPPHIRE

Famous gin in its distinctive blue bottle. Every drop contains 10 hand-selected botanicals from exotic locations around the world.

NETHERLANDS DUTCH COURAGE

Bright and classic, with a rich mouth feel, and lots of all the requisite note for a classic gin. Bottled at a nice strength with a rich smooth character.

SOUTH AFRICA VICTORIA'S STAG PINK GIN

Juniper berries, cassia bark, angelica root, orange peel and coriander seed were used to create this mystical masterpiece. Infused with handpicked and air-dried strawberries for a pleasant and sweet experience.

ITALY MALFY CON LIMONE

Delectable Italian sun-ripened lemons and Amalfi lemon peel elevate the fine botanicals and handpicked juniper to make this an essential gin for any season.

UK TANQUERAY

A juniper-forward gin with distinctive flavours of piney juniper and feint lemon zest. It is these perfectly balanced botanicals of juniper, coriander, angelica, and liquorice which create a classic base for every gin cocktail without overpowering it.

SPAIN RIVES

The nose is smooth, clean, subtle, and elegant. On the palate the alcohol blends perfectly and the gin reveals a multitude of nuances; aromatic and with a fresh finish thanks to the citrus.

Vodka

POTATO, RYE & WHEAT

Produced by the fermentation of a range of different starches. The major producers of vodka are Russia, Poland, and Sweden. This ‘aqua vitae’ or ‘water of life’ as is known by its Latin name is the most commonly used spirit. Though it’s traditionally drunk “neat”, its odorless, colorless profile makes it the preferred choice for cocktail bars and it is known as a “ladies” choice spirit.

RUSSIA RUSSIAN STANDARD ORIGINAL

Cereal flavors of grains of wheat, and pepper. Full-bodied, long and flavorful.

SWEDEN ABSOLUT BLUE

Clean, black peppery spice and faint brown bread with even fainter cream of soda vanilla and liquorice.

USA SKYY

Some light grain aromas. As you taste, the vodka is soft and plush. Finish is peppery and not very long lasting. Heat from alcohol is noticeable.

DENMARK DANZKA

A nose lightly fragrant with violets, berry fruits, chocolate, a bit of curaçao, maybe a hint of strawberry. On the palate it’s fairly smooth, fruity and again slightly floral.

RUSSIA STOLICHNAYA

Has a typical vodka aroma—a touch of alcohol backed by notes of warm grain. The entry is bright and airy, leading to a silky palate with an initial tolerable bite that melts into a warm vodka taste, complete with a citrus peel kiss.

POLAND ZUBROWKA

It’s wonderfully complex profile of bison grass, chamomile, green apples, lavender, vanilla, and almonds make it a truly unique, natural, and authentic product.

Rum

MALAISES & SUGAR CANE

The production first started in the sugar cane fields of the Caribbean and moved into the drier regions of south America in the 1700 's. These two distinctly different climatic regions produce two very different profiles of rum. One being more tropical and the other being crisper and dry. Known as 'the grog of the pirates' rum in its most basic form was a staple drink of choice on the seas and was believed to be a remedy in warding off scurvy.

CARIBBEAN PLANTATION 3 STARS WHITE

Delicate scents of brown sugar, honey, coffee bean; later whiffs following further aeration encounter baking spices: vanilla, and cloves.

CARIBBEAN PLANTATION ORIGINAL DARK

Very complex with notes of raw cane sugar, vanilla, cinnamon, leather, candied citrus, persimmon, cloves, salty, and just the right amount of bite or funk to counterpoint and contrast to give it a delightful edge.

CUBA HAVANA CLUB ANEJO 3 YRS

Spicy, with a mix of tropical spice, vanilla, oak char, hints of loam tobacco and a deep depth of complexity with the alcohol very much in the background.

JAMAICA TIKI LOVERS DARK

Look for aromas of rich dark chocolate, cloves, and a touch of funk. It's similarly engulfing on the palate, with notes of caramel, baking spice and chocolate ganache.

PUERTO RICO BACARDI BLANCO

Subtly sweet, dry, and clean, with flavours of orchard fruits, citrus, caramel, black pepper, and vanilla, and a hint of winter spice. Smooth as can be and delicately delicious.

INDONESIA NUSA CANA TROPICAL ISLAND

Generous notes of vibrant cane juice, banana, coconut, and spice. Opens with fresh cane and young coconut. White and black pepper spice, moving to mature dry wood, vanilla, and toasted banana leaf.

Whiskey

BARLEY AND WHEAT

Made from the fermentation and distillation of grains, yeast, and sugars, aged in wooden casks, which gives them their distinct coloring. The art of whiskey production was mastered in Europe in the cold climates of Ireland and Scotland but is now a global focus with distinct contributions from USA and Japan. Its long-standing history in cocktail bars was made possible by the prohibition era

SCOTLAND BALLANTINE'S FINEST

Sweet, gentle nose reminiscent of fresh bread, honey, and vanilla with a touch of malt. Palate is initially peaty but not overly so with smoke, honey, green apple, and malt.

USA JACK DANIEL'S

The original all-conquering cola-friendly colossus commands a legion of fans worldwide, thanks to the sweet smoothness imparted by the Lincoln County Process of charcoal-mellowing the spirit before maturation.

SCOTLAND JOHNNIE WALKER BLACK LABEL

This is the world's leading premium Scotch Whisky with a multi-dimensional taste that makes it really versatile: the flavors of rich fruits, vanilla and smoke shine through.

IRELAND JAMESON

A full and floral nose leads with the smooth sweetness of marmalade and fudge before a hint of Madeira and a little cut grass note emerge.

SCOTLAND LAPHROAIG 10 YRS

carefully distilled at Islay is adored for its smoky, phenols, sweet vanilla, and peaty flavour notes.

JAPAN NIKKA FROM THE BARREL

Full-bodied and punchy. There is plenty of winter spice and toffee, a little caramel and vanilla and a good mouthful of fruit. Long, warming and fruity with a little oaken spice finish.

Tequila

AGAVE

Tequila means different things to different people. Whether you prefer your tequila neat, shot with a lime, in a Margarita, or enjoyed on the beach, it's a spirit that's easily enjoyed in many situations. Tequila is a distilled beverage made from the blue agave plant.

MEXICO JOSE CUERVO GOLD

A blend of reposado and unaged blanco Tequilas. It's a perfect choice for making Margarita cocktails and has a mild agave flavour.

MEXICO SAUZA SILVER

Light and thin with hints of white pepper and grapefruit peel and a subtle agave note, the flavours burst onto the palate and then disappear just as suddenly.

MEXICO PEPE LOPEZ SILVER

A fresh taste with hints of blue agave and lime and has a bright and expressive nuance of flavour with a sweet agave aroma.

MEXICO CAPEL 35 ESPECIAL

A quality product made from the combination of double distilled alcohols to create a pisco with a great character, elegant and complex. The amber color of American oak, paired with the exquisite aroma of our fine grapes, achieve a perfect harmony.

BRAZIL CACHAÇA PITÚ

Yields the classic cachaça aromas: fresh cut grass, brine, and black olives. There is also a bit of sweet corn and pepper. The spirit enters with a smokiness that was not apparent on nosing, and there is momentarily a mezcal-like character before the grass takes over.

BRAZIL CACHAÇA 51

Sweet vanilla cream, seaweed, cut grass, honey, black pepper, and a hint of lemon. The mouthfeel is a bit watery with a moderate bitterness that coats the mid and upper palate. The medium length finish is fairly bitter with an unpleasant saccharin note.

Liqueurs

HERBS

An alcoholic drink composed of distilled spirits and additional flavorings such as sugar, fruits, herbs, and spices. Often served with or after dessert, they are typically heavily sweetened and un-aged beyond a resting period during production, when necessary, for their flavors to mingle. Liqueurs are historical descendants of herbal medicines. They were made in Italy as early as the 13th century, often prepared by monks. Today they are produced the world over, commonly served neat, over ice, with coffee and in cocktails.

ITALY **AMARETTO DI SARONNO**

Italian popular almond flavored liqueur

GERMANY **JAGERMEISTER**

Cult German herb liqueur with a highly unusual love-it-or-hate-it flavor
